5's the name of the Bank is faintly engraved near the whole circle of the note, and the word "Commercial" can be detected by observing that in the fifth line, the letter of the word "Commercial" is omitted. It is between the words "and Erie" on the right end of the note, and secondary of the

No genuine Notes this plate have been issued of the date just mentioned, we have anywhere number 10's of the year 1834, and the signature of the President is altered and incorrect than the genuine bills. The engraving on close examination, is found to come, particularly the vignette which is inferior in execution to the heads of Washington and Franklin, on the margin, the eyes of the Washington head, are badly altered, the signature of the cashier is very defective, the genuine notes there is a very slight mark, which is wanting in the counterfeit, Just above the word "and" in the signature of the President, Directors and Co." is a small ink stroke, intended to be a part of the letter "P," which it bears. The want of this, although it is very slight, is sufficient to detect the counterfeiters, the words "Bank House" are not inserted in any other note issued by the Bank except the Five Dollar note of the place thus counterfeited.

10's letter A. altered from \$1, signed J. M. Bopp, Cashier, & S. Swan, Jr. President.

VOLUME TWENTY-THREE.

GODEY'S LADY'S BOOK

AND
LADIES' AMERICAN MAGAZINE.

MRS. S. J. NALE and Mrs. LYDIA H. SIGOURNEY, Editors. Miss K. Leslie, a contributor to each number.

The present volume commences with two Steel Engravings by A. L. Dick—Sunny Morning, after the Sale of the Pot Lamb Row, a beautiful original Fashion Plate.

This is an outfit for Embellishments unprecedented in this or any other country. The great beauty of the pictures will give pleasure to every lover of the beautiful, and it shall always be our aim to procure such subjects for the engraver as will, even without the poetical illustrations, tell their own tale. While thus giving attention that which places the artist before the world, Mrs. J. H. Sigourney, who has lately returned from Europe, has made such arrangements as will ensure us a supply of articles from the best Female writers of England. Mary Russell Milford, Mrs. S. C. Hall, and Maria Edgeworth, among their first contributions to our American Periodic, will each contribute to the Ladies' American Magazine;

and we have also secured many interesting articles on hand.

The Hon Mrs. Norton will also be a contributor.

While from abroad we are receiving such assistance as will serve to make an agreeable variety, we must not forget to mention that we are now publishing an article from an eminent writer of our own country—Little things go to make—the author of "Losing and Winning," and "Scoundrel." This tale, too, we are certain will cause as great a sensation as did the publishing of "Losing and Winning," which was published to build the empire of our country.

Let it not be forgotten that Miss Leslie contributes to the Lady's Book only. To No other Magazine has articles from her pen.] She communicates in this No. another of those graphic sketches that give so much pleasure to our readers.

—LIONEL LA LYNNORE.

While paying a proper tribute to the great talents of the British Ladies previously named, let it be remembered that we have our own Liza, Sigourney, Leslie, Parsons, Eschbury, Heintz, and a host of others, to mention which we have neither time nor space.

SATURDAY EVENING POST.

A new volume of this well established and highly popular family newspaper, GRATEFULLY ENLARGED and improved, will entirely NEW TYPE commence May 1st, 1841. The paper is printed in beautiful type and has received the praise of many editors of taste, as "the handsomest family newspaper in the Union." Our efforts have been directed to the combining of beauty and simplicity with utility and taste. The Post is printed on stout white paper, rendering it neat and durable for filing. It is issued at the old established rate of two dollars per annum cash, or THREE DOLLARS in not paid in advance, and may be truly said, now that it is enlarged, to be the

LARGEST PAPER IN THE COUNTRY

at the price it is sold. It has all the merits, and none of the defects of the large papers of the day, for while the earlier literary matter may be found in its columns, a judicious compilation of domestic and foreign news, with the usual variety of wit and sentiment, will render it a better family paper. Its proprietors make no flourish of trumpets about the size or cheapness of the paper, but leave it to stand upon which the "Old Post" stands, and is not necessary. It has borne the battle of the press for the last TWENTY ONE YEARS, and has faced and surmounted all kinds of opponents.

THE NODE OF CONDUCTING IT.

The proprietors having for a long time deprecated the flood of foreign literature, indiscriminately re-published in this country, have determined, without altogether neglecting this field to select nothing but the choicest tales and sketches from English periodicals; and they have made arrangements which they can furnish these to their subscribers in advance of every contemporary. The editors will also keep an eye to test American talent, admit, giving, always, the preference to the writers of their own country. We shall still continue plan of giving original stories from popular American writers. The well known Author of "Cruizing in the Last War," opened the volume with the first of a NEW SERIES of thrilling maritime tales. In addition to the old, a number of new Contributions will be collected with the choice and entertaining original articles. In order that the SATURDAY EVENING POST may maintain its high position, as the

FIRST FAMILY NEWSPAPER

in the United States, arrangements have been made for a daily supply of choice and entertaining

ORIGINAL TALES.

historical sketches, poetry, &c. We have been publishing months past an unbroken series of choice original tales which have been procured at great cost, and have been well copied and read. These we shall continue.

THE NEWS DEPARTMENT.

While it shall be the earnest of the proprietors to preserve the paper, a high literary reputation; the great desiderata for a family newspaper, a carefully selected news department shall not be made second in interest or importance. Every thing of note that happens in this country, or Europe, shall be carefully collected and collated for our readers, and regard shall be paid to the character of the matter inserted, that the paper may be with safety and propriety inter-

require slight attention. It shall be the effort of the editors to adhere to this in the department each selection of the floating literature of the day, as may be in an especial manner suited to the instruction and amusement of the laic reader, and to cultivate the fashionable, with the truly useful and real.

Such things as may suit that important and large class of our subscribers,

THE FARMERS.

will not be overlooked. In order to gratify, as much possible, the household desire of our readers, a portion of our attention will be devoted to the collection and diffusion of such news as may seem **IMPORTANT TO AGRICULTURALISTS**, and the population resident without the confines of our great cities.

The state of the markets and the fluctuations in the prices, will be regularly, and what is of more moment, correctly given. We determined at the outset, that while the paper continued under our control, it should be strictly,

NEUTRAL IN POLITICS.

and that as news, and literary journalists, we had nothing to do with the matter; this determination has been strictly and rigidly adhered to, and while we shall continue to give our readers, such public documents, as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously, and thoroughly avoid any continuation of partisan politics.

THE TERMS.

THE SATURDAY EVENING POST, will be furnished at the exceedingly low price of TWO DOLLARS per annum, invariably in advance. We will send a copy to any person who may wish to see a specimen, by giving notice, *per post*.

We have no desire to send our list but with each subscriber, and the paper is sufficient to enable us to enable us to extend compliance with this golden rule. The Post is made worth more than the money, and it must be paid by those who wish the paper.

To those who wish to subscribe, we would say, that the easiest plan is to enclose the money in a letter and direct to us. WANTS WANTED, for which the highest market price will be paid.

THESE justly celebrated Pills have been before the American public over 5 years, their restorative and curative properties are fully estimated by hundreds of thousands of both sexes, and they are still growing in repute where ever they are known. Whoever a prejudice exists it is because counterfeit pills have been used. Ask any one who has used the genuine Pills, and a hearty recommendation will be the sure result.

The great principle of "PURGING," in sickness is beginning to be appreciated. It is found much more convenient to take an occasional dose of half a dozen pills and be always well than to send for a Doctor and be bled, and swallow the cure, with the certainty that if you are not killed, you will be sure to have months of miserable weakness, and the only one who is benefited is your Doctor. Look at the difference between the appearance of those two persons—one has been treated by your regular practitioners—see how pale and debilitated he is, see how the shadow of death throws his solitary glance from his emaciated countenance, see how he trembles in every limb, if a eyes sunk, his teeth destroyed—his constitution perhaps irrevocably gone—yet, just hear how the Doctor arrogates to himself credit. He says "most inveterate case of liver complaint!"—"nothing but the most energetic remedies saved him." Energetic measures, i. e. Mercury and Bleeding, ruined his constitution, better say, So to save his soul must poison with that comforter of the tooth and gum—MERCURY—positive make a man miserable the said remainder of his existence, this is called curing Shocking folly!

Let us now look at your "purged man"—the man who has taken Brandreth's Pills for Liver Complaint—he has the firm elastic tread of conscious strength, his countenance is clear and serene, his eyes is full and sparkling with the feeling of new life and animation; he has been confined a few days to his bed, but he used nothing but the true Brandreth Pills, and soon rose without any injury being sustained by his constitution. Instead of being months in a weak state he will be stronger, after he has entirely recovered the attack, because his blood and fluids have become purified, and having purged away the old and impure fluids, the solids are thereby renovated, and he is not borne down by useless particles, but has renewed his life and body both.

This principle of purging with Brandreth's Pills, removes nothing but the useless and decayed particles from the body,—morbid and corrupt humors of the blood, and those humors which cause disease—they invade the function of the liver when they settle upon that organ, and which, when they settle upon the muscles produce rheumatism, or, upon the nerves, produce gout or upon the lungs, produce consumption, or upon the intestines, costiveness, or upon lining of the blood vessels, a apoplexy and paralysis, and all the train of disorders so melancholy to the sufferer and all who behold him.

Yes, purging these humors from the body is the true cure for all these complaints, and every other form of disease; this is no mere assertion, it is a demonstrable truth; and each day it is a demonstrable truth, and each day it is extending itself, far and wide it is becoming known, and more and more appreciated.

CAUTION.—Dr. B. Brandreth never appoints Druggists, Pedlars, Doctors or Apothecaries, as his agents; therefore if you want to be sure to have THE REAL BRANDRETH'S PILLS, never purchase at Drug Stores or of Pedlars, Doctors or Apothecaries. The Pills they sell in my name being universally all counterfeits.

All who sell the genuine Pills have a certificate of agency, signed by Dr. B. in his own handwriting, and renewed every 12 months, and have entered into bonds of \$500, to sell none other Pills than they receive from Dr. Brandreth or his duly appointed travelling agents, who have invariably a power of attorney, signed by the Clerk of the County of N. York. OBSERVE.—The certificate is not Letter, press writing or Lithographic. It is Engraved.—The said certificate gives no guarantee to the public after 12 months from date MARK.—When you want Pills to make sure you are right, ask to see the certificate of agency. Those who sell counterfeits, and never had one, will tell you it is mislead, lost, &c.

Price 25 cents, with full directions.

The following are the only authorized agents for the sale of Dr. Benjamin Brandreth's Vegetable Universal Pills, in the counties of Tuscarawas and Carroll.
